

“Mim Mim” from Kate & Mim Mim

My 3-1/2 year old LOVES Kate & Mim Mim. I have been promising to make Mim Mim for her forever and I finally finished him. I wanted to share him with you. I hope you enjoy

MATERIALS & HOOK:

- Hooks: E
- Red Heart Dark Orchid
- Scraps of Light blue, Gray and Dark Brown
- Small amount of fluffy yarn – For tail
- Pair of safety eyes
- I had a button that just happened to fit perfectly. You can also just stitch one on
- Black Embroidery Floss

Abbreviations:

Magic Ring

Ch = Chain

ST= Stitch

SL ST = Slip Stitch

SC= Single Crochet

HDC = Half Double Crochet

SC2Tog = crochet 2 sc stitches together

HDC2Tog = crochet together 2 Hdc stitches

Bunny Pattern:

I used the below and followed all directions except the face detail and the tail

<http://www.yarnspirations.com/patterns/one-skein-bunny.html>

*I attached the safety eyes first, then the nose and then I used the Embroidery floss and stitched on the eyebrows and mouth. I doubled up on the floss so the eyebrows & mouth can be seen better.

*I then attached the ear (I didn't stuff those), then I stuffed the head and all other body parts. I then stitched all together

* I used a small pom pom maker to make his tail. I attached that to the back

Goggles Pattern:

Starting with the Dark Brown

Row 15: Sc2tog, sc in next 2 stitches, sc2tog, ch 1, turn (4)

*Now sc around entire goggle, when you get to the first sc you started at you will then Ch 30

You are then going to HDC in 2nd chain from hook and all the way back (29)

Attach to goggles, fasten off and weave in ends.

*Take the end of strap and attach to other side of goggle

Goggles Glass Pattern: Make 2

Magic Ring with light blue

Make 6 sc in MC

Round 2: 2 Sc in each stitch (12)

Round 3: Sc in 1st st, 2 sc in next stitch, repeat (18)

Fasten off and weave in ends

*Next you will use the light gray and slip stitch through the glass and the brow backing and attaching them together.

Fasten off and weave in ends.

*I then used a scrap dark brown to just attach the goggles back strap to the bunny head. This way the goggles can be moved up and down on the face.

And you are all done! I hope you enjoy it and if you have any questions, please let me know
