Fasten off and weave in ends

*****Make sure your case is turned with correct side o**

To make the String to tighten the top of case I took the YELLOW, RED & GREEN yarn. I cut long strands of each yarn. Tied a knot on one side and braided them to the end. I then used a bid plastic needle to weave the braided yarn through the Black HDC stiches on top of case. After weaved through I tied another knot.

****There you have it. ENJOY****
